

Green Energy Program **Non-Residential** Grant Payment Status Sheet

The Green Energy Program for Delmarva Power customers has been tremendously successful. As a result the program now has more applicants than funds available. The purpose of this sheet is to show grant recipients, **who have completed all paperwork**, their order for payment. Grant recipients can use the approval number on their confirmation and claim form to identify their position.

To understand how long it will take to receive your grant, you can use the following information about collected funds. Typically \$80,000.00 is collected monthly in the winter for non-residential grants. In the summer, \$90,000.00 is typically collected monthly for non-residential grants. The difference is due to the amount of kilowatt-hours (kWh) used seasonally by Delmarva Power Customers. Using these figures you can estimate the approximate month your check will be mailed. Please be mindful these are just estimates and understand then no partial grant checks will be mailed. You will receive your whole grant in one check.
